COVER LETTER

Dear Hiring team,

I am submitting my resume for the Internship position as well as full time in your Company. I strongly feel that my skills and experience outlined in my enclosed resume will be a worthy asset to the organization.

I am pursuing my B.Tech in Electronics and Communication Engineering (2017-21) from Guru Gobind Singh Indraprastha University Delhi. I did my Internship with Insidesherpa partner KPMG as a Data Analyst where I my work was Data Modelling, Data Insights, Data Visualization and Presentation , Data Management. Currently, I am working in the IT industry where I'm working on several projects. Such as: Redesigning of the company website and internal employee portal using Web development technologies (HTML, CSS, Bootstrap, JavaScript and React) , Assisted the development team in creating the unit test cases and supporting the QA team by analyzing the test scenario and test results, etc.

With my recent learning's, I have developed an immense interest in Data Management and websites. I want to learn more and build my career around technologies.

In addition to learning about new technologies, I have keen interest in swimming and traveling. I believe that working with you will help me to achieve my professional and personal goals.

With my education, skills and work experience, I believe I would make an excellent addition to your team. This internship or full time will help me to solve real life problem statements using my technical skills and help me further refine my design and development skills.

Please feel free to contact me on **jayeshverma73@gmail.com** or on **+91-9716270473** as per your convenience. I look forward to hearing from you. Have a great day.

Sincerely,

Jayesh Verma
